ENGELBERG

The Alpine Destination – 365 days a year

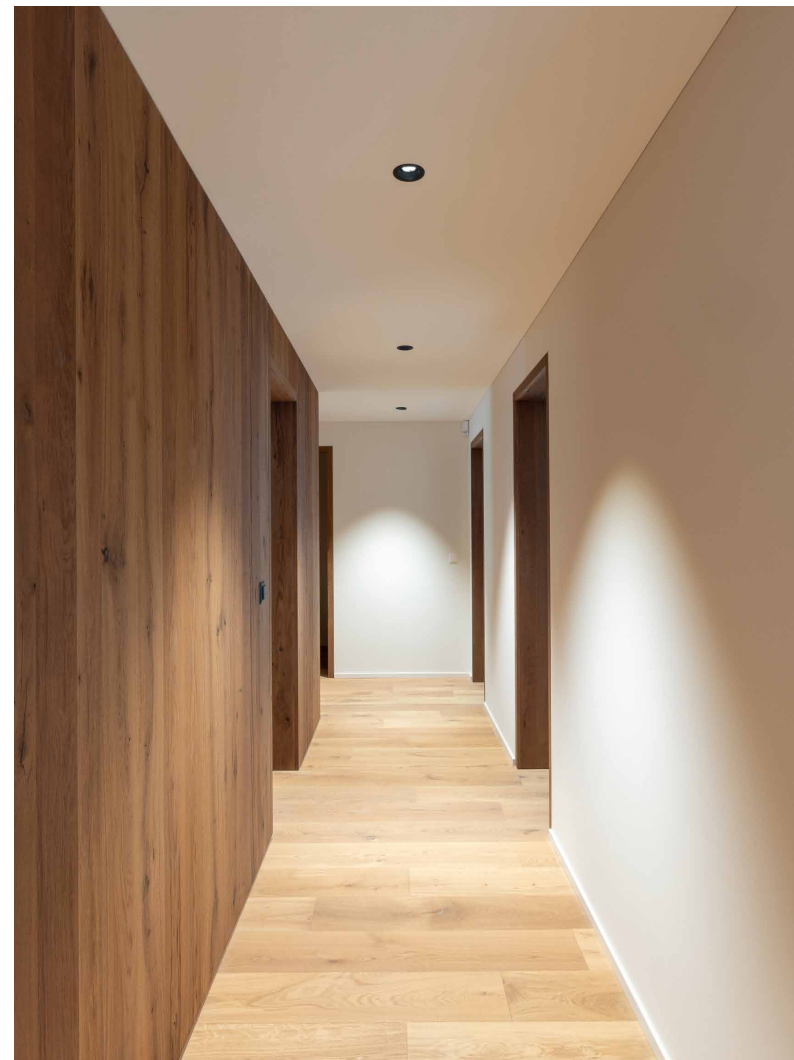

Engelberg is the largest holiday destination in Central Switzerland and is in the tax-friendly canton of Obwalden. The village is surrounded by snow-covered mountain peaks, crystal-clear lakes, and lush meadows. Engelberg offers a unique combination of beautiful nature, elegant architecture, outstanding hospitality, and year-round outdoor activities.

Charming chalets and delightful restaurants make visiting the historical village centre a memorable experience. Engelberg is one of the most modern tourist destinations in Switzerland. In winter - thanks to its location in the most snow-sure area of the Alps - winter sports are available until late spring. In summer - blooming meadows throughout the entire region and a wide range of sport and cultural activities.

Without question, Engelberg is also a paradise for hikers, climbers, bikers and golfers who want to enjoy their sports during the colourful autumn season.
